

The hose clamp Styk W4 is characterized by high clamping force, tightness and speed of assembly. It is suitable for aggressive environments (acids, chemicals).

Installation of the clamp is very simple using commonly available pliers

- **Material:** stainless steel

Selected variant

Product name	Hose clamps Styk, W4
Product code	0
Diameter (mm)	16-17
Tape width (mm)	7
Material thickness (mm)	0,5
